

Please note that this chart is for guidance purposes only - we will be happy to talk to you about your options.  
All awards and qualifications are subject to demonstration of competence at the appropriate level.

ICTAQ qualifications as Practitioner, Advanced Practitioner and Master Practitioner can be specialised into 3 fields - Developmental TA, TA Psychotherapy, or TA Coaching. They can also be completed as TA Manager, Advanced Manager and Master Manager.

Although we refer above to ITAA and EATA qualifications, ICTAQ will be happy to discuss the equivalence of qualification processes operated by other bodies. ICTAQ supports the aims of WOTAA [www.wotaa.org](http://www.wotaa.org) to create a truly worldwide TA community.
